Dear Gentlemen,
I would like to have your opinion on a
matter very important to me. Since you
are a UFO research institution I felt my
letter should be directed to you. I have seen
UFO! I am not a UFO fanatic, but this
is greatly alarm me! I shall try to de-
scribe it to you. It was a disc-shaped craft,
about 30 feet in diameter. Its height was about
1000 feet when it was first spotted, then it
came much, much lower, almost 20 feet
from the ground. It lowered at a very rapid
rate of speed. Its color was bluish-green. It
was very close to me, in fact almost
30 feet from me. After 15 sec. of hovering,
it zipped away at about 60 m.p.h. The date
was July 10th, 1967. The time was at 9:30.
There was no sound. Could you please
send me a reply, telling me what

you thought it was, I would be very
grateful. As I said before this greatly
boomed me! I spent some time deciding
whether or not I should report this, for
I was afraid people would call me hoaxer.
Once again please send me a reply, for
I would like your opinion on the matter.
You have permission to use my name
if you must.

Thank You.
